Just a few days before our Baccalaureate ceremony on Saturday, June 17, I read a poem by Edna St. Vincent Millay. Millay was from just down the road in Maine. She died in 1950 at the age of 58. In fact, she would have been 125 years old this past February.

She was famous for her work and won the Pulitzer Prize for Poetry in 1923, as well as the Robert Frost Medal for her lifetime contribution to poetry in 1943. She was also a very controversial figure. Millay was no shrinking violet and led what some thought was a risqué lifestyle, especially for a woman in those days. She made no secret of her many lovers – men and women alike – and was a passionate feminist and civil rights advocate.

Her poetry resonates with many and one of her most well-known lines comes from her composition called “First Fig,” written in 1920, that was a reflection of her early and wild life:

*My candle burns at both ends;  
It will not last the night;  
But ah, my foes, and oh my friends –  
It gives a lovely light!*

I'm sure that your time at Stanstead College during the past year has involved a lot of burning the candle at both ends. Let's face it, daily life here is always busy and can often be pretty tough. Well, when is high school NOT tough? Physics. Practices. Driving lessons. Homework. Road trips. Friend drama. Calculus. Final exams.

All of these were exhausting, exhilarating, frustrating, joyful, sweat-drenching, muscle-aching (remember the Spartan Race?!?), joyful, life-affirming and soul-invigorating experiences.

You took adulthood out for test drives, tested boundaries and limitations, and sometimes tried to return to the safety and comfort of childhood. Through all of this, I hope that you had the chance to think about your future and about what it is in life that truly excites, moves and inspires you. (Thomas Abbott, I know that for you it's math!...)

Maybe those thoughts would have happened anyway... but maybe not. I think that being at Stanstead College propels you to do so. Maybe it's because it's a gathering of kindred souls who are going through it all together, at the same time, on this special campus and in this unique part of the world. Perhaps that causes a shared feeling of things that matter to us the most. It's a feeling that lifts us all in a way that can't really be explained, only experienced, here at Stanstead.

Now as I look back on how wonderful the past year was, I wish that we could all go back and do it again for the first time. Of course, that's not how it works. The calendar careens ahead relentlessly and in just one direction, leaving behind all of those amazing experiences.

Luckily they don't disappear. We'll always have the memories of the past year. For our graduates, the Class of 2017, I hope that those memories burn inside you forever. You were a fabulously warm, friendly, caring and talented group. We wish you the very best of luck and hope that you'll return often to visit.

So, back to the lines from the poem that started all of this. Edna St. Vincent Millay's words are a reminder to all of us that the future arrives at a million miles an hour. We always think that there is plenty of time to do what we want, but in reality, there's not a moment to lose.

Burn those candles everyone. Life is too short.

## My Treasure By Kayla Ouellet

My journey at Stanstead College was a treasure hunt. This is how I found my treasure...

Every treasure hunt needs a starting point and mine started in Grade 8. I became part of the Stanstead College community in 2012. Like every Stanstead first day, I got here on campus, got all the forms my filled out, rushed to meet people and made my first friend, Ashley. I knew from the start she was going to be my partner, someone that was going to tag along on this great big journey.

One of the best memories I have from Grade 8 was trying out for the bantam basketball team. My first ever home game, I got five fouls and couldn't play for the last quarter, but I loved it.

My second year was different. I was not a rookie anymore. I knew the drill, let alone it was different because the people changed, new teachers arrived and it was an adjustment to

small changes. It was my last year in Colby and maybe the last time I was going to live there...

Grade 9 was an extremely special year academically because I was motivated in class. I pushed myself to exceed my expectations and to perform to the best of my abilities, which rewarded me in making the Honour's List for the first time. At that moment, it came to mind that I had found my first hint of finding this treasure: hard work did pay off, and if I was willing to put in the effort, I was going to be better.

Grade 10 was challenging and it all started with my first term sport, varsity soccer. Mr. Van Dyke giving Mya and I the chance to try out for the senior team. It was a question of proving ourselves that we could play among the best players like Karina Guerrero and Misha Pejzlova.

Again, I will never forget winning CAIS. It was the first time in Stanstead College history that the varsity girls soccer team won. Being a part of that legacy team is something that I will cherish forever.

Grade 11 was a year of leadership and adaptation. It was my first year as a prefect and, even better, I was placed in Colby, the best house, in my opinion. I was back at my starting point, but now as a big sister for the younger girls.

It was my first time sharing a room with someone, and I got the chance to live it with Momoko. We were completely different in so many ways, but it was so special to learn more about her culture. The last two years have mazing. Thank you for being the perfect roommate.

First year as a prefect is unforgettable. Working with the team of prefects was not always easy as we try to assemble all kind of ideas. At the end of all the events where we would look back to our work, it would remind us that we'd been on the right track, doing the right thing.

My Grade 12 year has been completely different from the past years. My love for soccer, basketball and rugby changed completely as I understood truly how team sports are special, filled with love, friendships, challenges, support, work, pride, championships, Mr. Van Dyke's afro,

Mrs. Wolfe's red hair, and family, the list goes on.

Doing more for the school has always been one of my goals, and I could not have done without Thomas. Thank you, Thomas, for being an awesome partner. I think we worked very well together.

There are so many people involved with our success. Our parents who believe in us, the teachers who guide us or help us to get back up, the coaches willing to do more than the minimum. The little details, such as the bus transport, the games, the food, the uniforms are taken care for us by people who want us to fully experience life at Stanstead. So thank you so much.

The late night studies, doing Calculus with Steph and Kyle, group session for psychology with Ari, y faut! To all my friends who made this year more special, I love you.

Thank you to my parents for sacrificing everything to send me here. You've always believed in me and I have not enough words to thank you for all your support and love. So merci!

My favourite and yet saddest moments were the last times wearing the Stanstead crest over my heart. Soccer, basketball, rugby and now here. It is a privilege to have done so, and if you do still get the chance to wear it, wear it with pride.

So what is my treasure? My treasure is all the little things that I accumulated along the way and that I can now use for the next big journey waiting for me next year. I have countless moments and memories engraved in my mind and on my heart. Priceless happy moments that I will never get to have anywhere else. I pass this journey now to you, and challenge you to find your own treasure.

Last words for the class of 2017: As we all move to the next chapter of our lives, a new one will begin. I want to wish the very best for everyone. May we all be successful and have a happy life. Good luck to you all!

Stanstead College, you've been amazing. Thank you for everything!

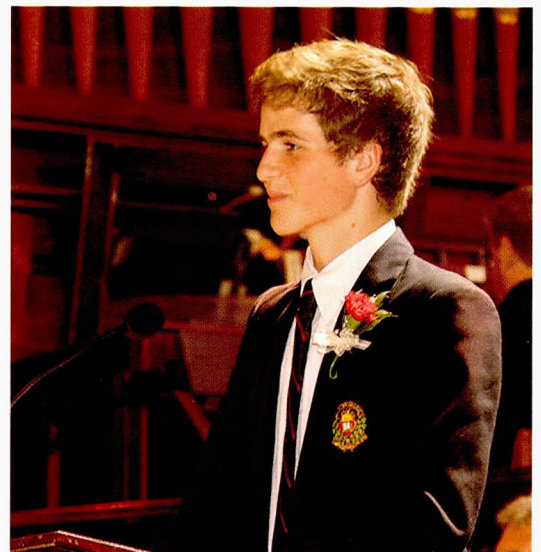

## In the Journey By Thomas Abbott

It seems we teenagers can only truly understand how lucky we are to have something when we are about to lose it. Stanstead College is a wonderful challenge for all of its students in so many different ways. There are so many things going on with classes, sports, clubs, friends, etc. that we are constantly busy. It is a seemingly never-ending task. However, when a Spartan graduates, they realize Stanstead is not a never-ending task, it is a journey, and that throughout that journey, they were always learning and growing to be the person they are today.

Ever since the day I stepped on campus, I knew Stanstead would be a very special place, and as I learned more and more about it, that never changed. What did change was realizing what makes Stanstead so special. On my first

day at Stanstead, I thought it was special for its strong academics, elite sports and beautiful campus. On my last day at Stanstead, I know it is special for its caring teachers, talented students and loving atmosphere. The beauty of Stanstead College truly is its people, and as I leave Stanstead today, though I am sure I will miss the classes, sports and clubs, the thing I know I will miss most is the Stanstead family.

So my advice is not to treat being at Stanstead like a task. Don't live for the weekends when you can go back home, don't leave a 6th period class just because the bell rang, don't focus on the finish. Instead, try to get as much out of Stanstead as you can, stay for the weekend and experience what dorm life is like, ask your teacher more questions after class, and most importantly, take a step back and look at the bigger picture. You are lucky to be here and I truly hope you enjoy the journey.

## We say goodbye...

**Justin Underhill** taught Math/ Science for two year, coached rugby and served as our fitness trainer while his wife **Aya** was our exceptional school nurse. They are heading to Hong Kong. People like the Underhills are the bedrock that successful boarding schools are built on.

**Marilee and Ryan Andres** served as our English teacher and head of IT respectively. Marilee was also assistant HD for Webster. They are heading back home to B.C. and new adventures with son Thomas. We wish them all the best.

**Kevin Philip** is the son of a former faculty member Mr. Alex Philip and grew up on campus. He graduated from Stanstead as a lifer and is retiring after nearly a quarter century of teaching in the Eastern Townships. We will miss his organization, his passion for Economics and his students as well as his love for your school.

# GRADS 2017

# GRADE 12

**Name:** Thomas Abbott

**Nickname:** John Smith, Thomas The Train, Big Boi, Toe Prefect

**At SC since grade:** 8

**Activities:** Soccer, basketball, lax, Jazz band, studying

**Ambition:** To be happy, to be a professor of theoretical physics, to make others happy.

**Best Memory:** Getting into university, South's cheer and winning All-Campus! Christmas dance with Misha and of course FIFA nights with the boys

**What I've learned:** To challenge myself and be brave, when studying DO NOT take Tetris breaks, lax is an awesome sport!

**Special Thanks:** To my parents for providing so much support throughout my time here, to Mrs. Wilkinson for always being positive and helpful, to all the teachers for inspiring me and being superb role models, and finally to Misha for being my better half for the last 4 amazing years.

**Name:** Loay Al-Rashdi

**Nickname:** All the way Loay?

**At SC since Grade:** 11

**Activities:** Varsity Rugby, Soccer, Basketball, Chess, Gaming, and board games club

**Ambition:** To help change the world for the better

**Best Memory:** Winning the basketball playoffs with the squad

**What I've learned:** Not to wait until the last night to do an AP Chemistry or AP Physics assignment, not to attempt writing a full essay in one night, not to put a bowl of kimchi with the lid on in the microwave, not to microwave pizza pockets for over 5 minutes, not to cook steak right next to the smoke detector. I've learned how to better manage my time, that a lot has to go right in order for me to have the privilege of graduating, that if you really want something, just go and get it, and that if you don't try, you'll never find out.

**Special Thanks:** My parents for making all of this possible in the first place, all my teachers that have helped me throughout the year, my coaches, Mr. Simard and Docky, Coach Q and Air Blair, and Mr. G and Mr. Sprik, for teaching me what it means to be a true student-athlete, my advisor, Mrs. Andres for supporting me and always being there, and finally all my friends that made my final year in Stanstead as fun as it was.

**Name:** Kaylee Bowen

**At SC since Grade:** 9

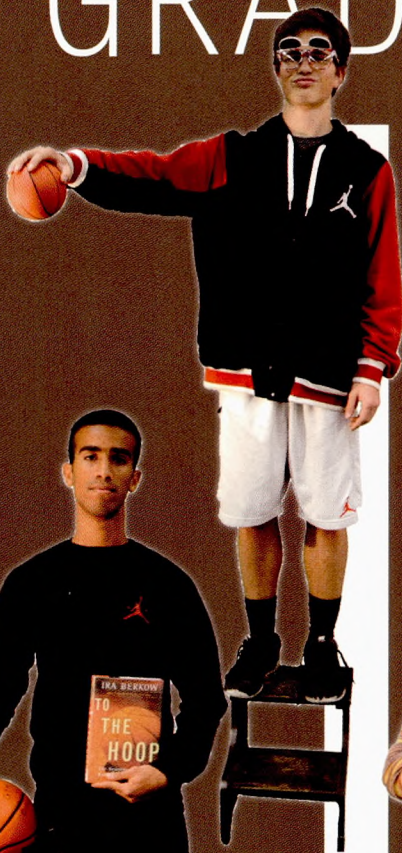

**Activities:** Squash and softball

**Ambition:** To graduate the University of Toronto and enter the world of forensic pathology and to also go paragliding.

**Best Memory:** Lip sync with my roommates, Carson dropping a sausage into the maple syrup container at brunch, and also when tourists entered our room to find Shayla playing her ukulele singing/yelling "KAY-LEE BOW-EN" while at the same time Misha sitting on her desk drinking a Crush soda and I sitting on the floor.

**What I've learned:** My time at Stanstead has taught me to manage my time, both socially and academically. I also learned to take every opportunity given.

**Special Thanks:** I would like to thank to all the teachers who dedicated their time to get me to where I am now. I would also like to thank my roommates for the greatest and funniest year out of all four years. Last but not least, I would like to thank Carson for the best 2 years of my life.

**Name:** Dayne Chassé

**Nickname:** Dayner

**At SC since Grade:** 12

**Activities:** Hockey, Rugby, Booster Club, Chess Club

**Ambition:** To play hockey as long as possible and stay in school

**Best Memory:** Senior Day for the hockey team and prom with the boys.

**What I've learned:** ALWAYS do my readings.

**Special Thanks:** Special thanks goes out to my parents because their love and support is the biggest contribution to any of my accomplishments today.

**Name:** Beatrice Chemtov

**Nickname:** Bea

**At SC since grade:** 12

**Activities:** Orchestra, Phelps, play, AP pie, napping, VIP health center member, Vietnam project

**Ambition:** a social worker/doctor/lawyer/engineer/mermaid

**Best Memory:** Mudding, plant walking, ski tripping, mixing food, late night art projects, searching for cats, and general silliness.

**What I've learned:** Prioritise! And what \*today\* is (a rugby day!).

**Special Thanks:** Mr. Blair for adopting me, Ms. Lowry and the health center team for being so caring, my teachers for teaching outside of the syllabus, and new friends for being so gosh darn wonderful.

**Name:** Kai-Ling (Kareen) Chen

**Nickname:** Kai-Ling

**At SC since Grade:** 10

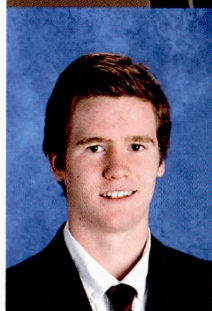

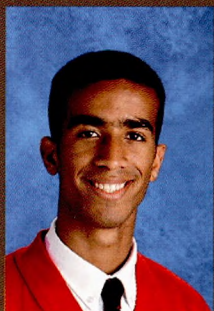

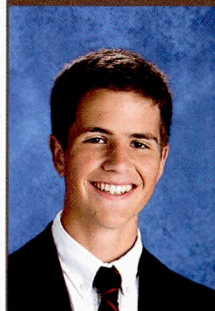

**Activities:** Dancing, Crafting, Sleeping

**Ambition:** Driving License & Architect Certificate

**Best Memory:** Drumming in Cafe-Capp & Dancing

**What I've learned:** The two hardest things in the world are to be yourself and to take good care of yourself.

**Special Thanks:** Nana & Jiajia for being members of triplet. Ms. Hessian for being the BEST guidance. Mr. Williams for my art portfolio.

**Name:** Angela Cheng  
**Nickname:** Angie  
**At SC since grade:** 10  
**Activities:** Soundtrax, Dance Club, Community services  
**Ambition:** The most recent one is to finish strong.  
**Best Memory:** The great relief that I saw on everyone's faces after the last AP exam.  
**What I've learned:** how to push myself.  
**Special Thanks:** To my friends and my advisor—Mr. Grenier who showed great support and understanding during the most tough weeks of studying.

**Name:** Shayla Holmes Coates  
**Nickname:** Shay, Shaylalala  
**At SC since Grade:** 9  
**Activities:** Soccer, hockey, tennis, animal shelter  
**Ambition:** Be an impact hockey player for Middlebury College, choose a career that will never feel like work, and as for the rest, we'll have to see where life leads me. You can't always have a plan for everything. :)  
**Best Memories:** Observing a "real" rat brain in Mr. Planetta's classroom, lip sync with Room 108 #StacysMom, winning All-Campus with North in Grade 11, the games vs NAHA and Boston Shamrocks in the Lake Placid tournament in Grade 11, and hockey bus rides with Hinch, Gray, McFarlane, Picard and Fou.  
**What I've learned:** Spares with roommates are probably the most unproductive hours you can spend but also some of the best hours you can spend.  
**Special Thanks:** Thank you to all the coaches I have had throughout my 4 years here, to my advisor Mr. Fraser, to Mr. Planetta, the best and funniest teacher I have EVER had, to Mr. Grenier and to Mr. Van Dyke who are the best role models I have met here, and to the friends and teammates I have had over the years.

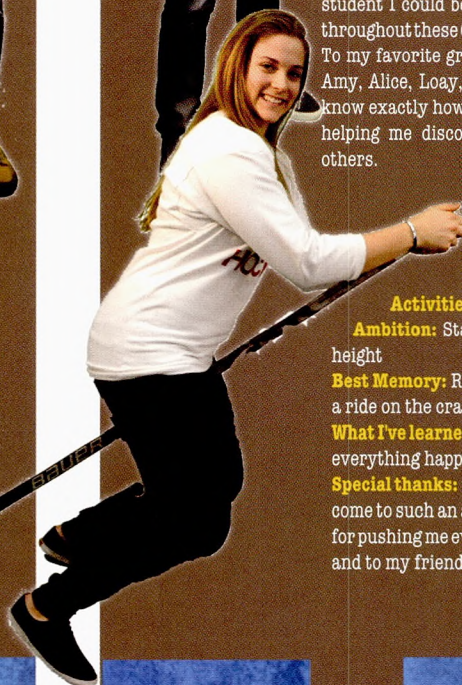

**Name:** Axel Côté  
**At SC since Grade:** 10  
**Activities:** Hockey, Golf, Chess Club

**Name:** Mya Daigle  
**Nickname:** Bagel  
**At SC since Grade:** 7  
**Activities:** Soccer, napping, rugby, napping, basket-ball, napping, homework, and napping. Also napping.  
**Ambition:** To make my parents proud while still doing what I love.  
**Best Memory:** Winning CAIS soccer with Mr. Van Dyke & Habitat For Humanity in Zambia with Ms. Hessian where I got my first stitches in an intense game of street soccer (on my eyebrow, great conversation starter).  
**What I've learned:** I want to get out of high school but I really don't want to grow up anymore and want to be 5 again. At least then I had an excuse for doing stupid things.  
**Special Thanks:** #1 shout out is to my parents for being my best friends and pushing me through these past 6 years. Also to my sister for being a pain in the ... sometimes, but still always being there and being a great role model. To my roommate KP for making Grade 12 SOOO much better. To the people who have been here and grown with me since Grade 7 & 8 like Kayla, Andrew, Ashley, and Chloe. To my coaches and teachers who made life easier (sometimes tougher) whenever they could. To my amazing adviser Mr. Murray for putting up with my crap and attitude. And lastly, to everyone who came and left over the years who I had the pleasure and honor to meet. Thanks for the memories SC, see you at Homecoming ❤️

**Name:** Samuel De Grâce  
**Nickname:** SDG  
**At SC since Grade:** 7  
**Activities:** Gaming, Piloting drones, XC-Running, XC-Skiing, Badminton  
**Ambition:** My true purpose over the next few years will be to discover what drives and pushes me to wake up every day with an expectation that I will be content with my valuable time just like my mother and father.  
**Best Memory:** Julia using me as a bed on our way back from Québec City.  
**What I've learned:** Those who live with the greatest integrity and self-respect will make it the furthest. Guess that's why I'm a Libra; I've got to live with a balance.  
**Special Thanks:** First and foremost, mom and dad, thank you for this opportunity and for your openness to my struggles. To my teachers, thank you for shaping me into the most capable student I could be. To my advisor, thank you for guiding me throughout these 6 years and I hope but the best for your future. To my favorite group of people, Taylor, Julia, Beatrice, Gene, Amy, Alice, Loay, Richard, Gui, Jeff, and so many more: you know exactly how much you all mean to me. Thank you all for helping me discover myself, some maybe even more than others.

**Name:** Stéphanie Desjardins  
**Nickname:** Steph, Stephe  
**At SC since Grade:** 10  
**Activities:** Hockey  
**Ambition:** Stay in touch with the SC fam and to be Ari's height  
**Best Memory:** Road trips with the second fam and Ari taking a ride on the crazy red carpet  
**What I've learned:** To be the best person that I can be and that everything happens for a reason.  
**Special thanks:** to my family for giving me the opportunity to come to such an amazing school. To my teachers and coaches for pushing me every day to become a better student-athlete... and to my friends for making this journey a wild one.

**Name:** Marlie Gaudioso  
**Nickname:** Marlboro  
**At SC since Grade:** 9  
**Activities:** Phelps Helps, tanning  
**Ambition:** To find church pews for the student center  
**Best Memory:** "Is this the couch?"  
**What I've learned:** To never buy anything green...  
**Special Thanks:** Just wanna say thanks to my lesbian lover, Bagel, Sunshine, Miss. Lowry and Elizabeth, Mr. Wells and of course my love Sully for being there for me this year. Much love for you all forever...

**Name:** Brianna Grapes  
**Nickname:** Bree, Grapes, bgrapes, cheesy, coconut juice  
**At SC since Grade:** 12  
**Activities:** Soccer, Basketball, Rugby, Community Service  
**Ambition:** Make the most of every moment  
**Best Memory:** Winning the Macleod provincials and playing in the CAIS finals game with the senior girls basketball dream team  
**What I've learned:** Time goes by fast and every moment can make great memories.  
**Special Thanks:** My teachers, parents, coaches and friends as well as my advisor Ms. Hessian for always understanding me and keeping me on my feet.

**Name:** Taylor Gratton  
**Nickname:** Tay  
**At SC since Grade:** 9  
**Activities:** Music, motorcycles, and hacking  
**Ambition:** My next project

## GIRLS

This year was incredibly important, as it was for some our last season of soccer at Stanstead College. We started off with 19 girls including a goaltender. We had just lost our coach Mr. Van Dyke, which made us iffy about what was going to happen... Thankfully our new coach Mr. Quinn led us to be greater soccer players. His passion for the sport drove us to work harder, to play as a family and to support each other like sisters. Without forgetting Ms. Langlois's funny comments and unique sense of humour that could make everyone laugh before a game. At some point in the season, we were all packed and ready to leave for Bermuda, BUT Hurricane Nicole got there before us, so CAIS did not happen this year. Although Bermuda was off the list, we had the opportunity to win against Galt, our rivals who we deeply wanted to prove wrong. We fought together and pushed hard, at the end we learned that it was not about a winning game, but all the fun and memories that we had accumulated as a team.

Furthermore, this is a shout-out to each girl on the team who I had the honour of playing with. You are all special and amazing! My last season was memorable and I cannot be more grateful for the everyone who made it so perfect.

I love you all, thank you <3

- Kayla

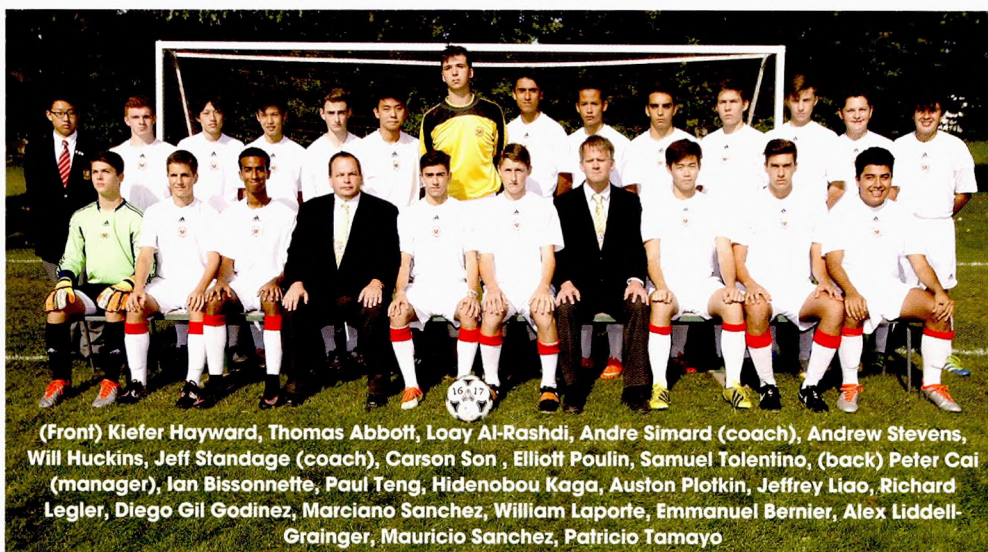

# BOYS

With key veterans from 2015 now committed to senior boys hockey, it was evident this was going to be a rebuilding season for the senior boys soccer team. However, it was obvious early on that there would be a good deal of talent to work with. The early part of the season proved a difficult one, with repeated ties and a loss to Galt. Then, just before the CAIS national tournament in Port Hope, Coach Simard was taken ill. The team took this setback to heart and went on to convincing victories against MVR and BCS. The highlight of the season came in the semi-final for the playoffs, which saw a dramatic last-minute free-kick equalizer by Mauricio Sanchez and then a bench-clearing winner from Will Huckins in overtime. The final was a hard-fought affair which saw a superior Galt team edge a narrow victory.

Congratulations to Will Huckins and Mauricio Sanchez for their Senior S awards and Marciano Sanchez, Andrew Stevens and Diego Gil (MVP) for their Major S awards.

## GIRLS

### Coach G...

The junior girls played their hearts out this year. I honestly can't remember a team that tried so hard all the time. We played in a league this year where most teams were really close in terms of talent and ability and skill. Many of our games ended in a tie or lost by only one goal. There was one team that was better than everyone and we all knew it. They, of course, beat everyone and won the league and championship pretty easily, but that is not what really matters here. There is always a team somewhere that is better than yours. What really matters is that we had a starting point and an end point and in between we built something together where we all worked hard and tried our hardest and made our team way better than when we started. We improved to the point that we almost beat the #2 and #3 teams that finished ahead of us in the league standings and we had a real chance of upsetting the #1 team in the semi-final. That is pretty amazing. There is a lesson there about teamwork and playing together and for each other. Also, there is a real life lesson about taking on a daunting task, a seemingly insurmountable task, and not shrugging your shoulders and thinking it can't be done. There was no way we should have even been close in that semi-final and yet, there we were with a real chance to win and Massey was freaking out at the half because they knew we might win. You have to try and you have to try hard and you have to come up with a strategy. You each had your moments where I had to teach you individually something about your specific position, but when all this was added together, it came out to the sum being greater than the parts. Greater together. Remember that. I will. Thanks to our award winners who set a tremendous example of never giving up: Beth, Alyssa and Alex. Thanks also to assistant coach Natalia.

- Coach G.

PS. Yes, Val, I will remember you.

### Memories...

When our striker, Sofia, got hurt, Mr. G. sent me on for striker even though I was defence. I got on the field, got the ball, kicked it at the net, completely missed the net, and fell flat on the ground.

Maya, our other striker, made a header in the net and scored. Because of that header, the whole team got a pizza party.

A few nicknames: Alyssa, our goalie, was the Miracle, because without her, things would have gone differently. She is the reason why we weren't crushed in most of our games. Bethany, our striker, is also known as the Quiet Beast, usually quiet when around people, but a beast on the field. Finally Daliah, The Bird. Daliah would scream and flap her arms up and down as she ran like she was trying to fly. She did it every time and we would always laugh together.

## ETIAC REGULAR SEASON CHAMPS

The first day of the season we had 39 junior players try out for the team. Yes, that's right, 39 players. Coach Blair and I were able to cut that down to 25 before we traveled for our first game in Tilton where we were able to beat a more experienced team 3-2.

The main thing I focused on with our group this year was their consistency and skill development. Skill development was easy because skill was there; we just needed to improve touch. Consistency is the one thing we were best at all season. From practice to games I demanded the highest level possible from all of them. Consistency is about playing as well and hard as you can each time you take the field.

Our ETIAC season consisted of 10 games. We finished our season with a 6-3-1 record, which allowed us to capture the regular season banner.

### Season highlights

- A 4-0 thrashing against BCS at Homecoming in which standout Keiran Gallant, our lone striker was able to score twice.
- Formation is a 4-5-1
- Hard to strike by yourself but Kieran took on this challenge every game. When he wasn't in the game, we had an equally good and faster Caleb who chipped in with 4 goals.
- A 2-2 tie against Salesien in which the defensive line was so tight we frustrated the opposition all game.
- Our back line comprised of BJ, Jeremie, Patrick, Andrei and coming off the bench Todd, Hugo, Felix, Quinten, Henry and Antoni.
- Switching the ball
- Joining the attack
- An 8-5 win against Richmond in which our midfielders did all of the damage. This included Phil, Olivier, Matt, Tyler, Martin, Andrew, Tim, Patrick, Matthew, Dolan and James.
- Javier was a defensive mid although at times played like a striker.
- The biggest win 3-2 in Sherbrooke. When we battled all game and Martin was able to slide home a corner on the last play of the game.
- Andrei penalty shot. Rock solid all year.
- Mario was most improved player- getting in 1 full/3 half games.
- In the playoffs, winning 2-1 against BCS in a rain storm.
- Losing 2-1 to Salesien but really deserved better. I think the better team lost that day.

## GIRLS

We were a small but dedicated group of 11 girls this year, and each player had the other's back. The majority of our games were played with 9 and sometimes even 8 due to illness and injury. And, yes, the majority of the time we faced off against 11 with 3 or 5 or even 7 subs on the bench. Our girls just sighed and kept running.

### Defence

Tammy Wood Downey, Sophia Farfan, Lou Kian Botton, Jessika Danyluk and Sofie Beauregard. While a lot of shots got by, you girls NEVER gave up. The best game of the season may well have been at Richmond. We lost, but you girls were fierce and tireless. And, we scored our first goal in that game!

### Midfield

Loraly Grenier, Julia Ballinger and Dominique Hudon. Tireless. You girls covered more ground over the course of the season than all of the soccer players in the MLS combined. And at that game in Richmond, Julia scored our first goal. It was as though we had won the World Cup. And Dominique and Loraly... they did not like getting pushed about, so they got tough and played hard, fast and aggressive.

### Forwards

On a good day, we had two of them. Sumomo Susuta and Mariama Barry. Two of the most gentle girls on the face of the planet. Until you steal a ball from them. Then you had better watch out!

### Goalie

A quiet girl who developed into a force to be reckoned with. She faced something like a million shots. And yes, a lot went in. But a whole lot more did not. Jeniva Coffee was a rock-solid part of this team and we thank her for all of her incredible work.

All in all, it was a tough season, but we all have things to remember that will always bring a smile to our faces. Well done girls; you should be proud of all your hard work.

This year we had an unusual season. Initially, we were not enough to have a complete team. For almost two weeks, I desperately searched for players to complete the team. I even had to promise my players a McFlurry if they could recruit more players. After finding the required number of players, we were ready to compete against some excellent teams. We started the season with 4 consecutive wins before facing our first defeat against our biggest rivals: BCS. Throughout the season, the guys worked very hard to win these victories. They learned to play together and formed a real team. The weakest have learned from the best and the best have learned to win as a team. In short, it was a season full of laughs and hard work.

## Cross Country Running

is not the sport for everyone, as it requires great will power to keep yourself pounding toward the finish line. The team competed in 5 different races against 4 other teams, and although we came in last for the banner, it was a rewarding season. There are a multitude of memorable moments that won't be experienced anywhere else, such as counting in different languages while stretching in a circle, or cheering each other on as they cross the finish line! We all grew together in this sport, learning to push our limits... or what we thought were our limits.

# GIRLS NAPHA LEAGUE & PLAYOFF CHAMPS PHILIPS-EXETER CHAMPS

I wish to thank the players for putting their trust in us, your coaches. I know we challenge you to the point where you can't breathe, or to the point where you wonder if you're still good at hockey, when I'm in your face, for example. We challenge you to the point where you wonder if this is the right place for you, when I'm not satisfied even though we just won a game. Or to the point where you can't feel your legs, during workouts with Mr. Underhill. We challenge you to the point that you cry and call home or cry to your friends, when I call you out in front of your teammates because you were not being a team-first player.

The list goes on and on of different ways we've challenged you this season. And you know what? We might have won 42 out of 50 games, we might have 10 university-committed players, but that's not what I'm most proud of.

What I'm most proud of is that you found ways to get through those challenges. You did not give up when it was tough, you found ways to get through it. You did not find excuses to skip on the challenges, you embraced them. You told yourself that you were not part of an ordinary team, and teams that aren't ordinary have to be challenged in bigger ways and have to find ways to overcome the challenges. That's what you did, not only in games, but day in and day out.

I wish the world could see how focused, on task and determined you all are when you practice, workout and play. You are far from being an ordinary team. The best thing is that you did all this while having a blast together. I know you all complain and cry and think about quitting the team, but the reality is you don't quit because you recognize that toughness is what makes it great. You recognize that it is actually a blessing to be challenged like you are, because most people will never have the chance to truly be challenged to your limits.

I knew you started to embrace challenges when you began asking more of each other on your own. Instead of being quiet during games and practices, you started cheering on each other when we weren't playing up to our potential: "Come on, girls!" You cared, and it was important for you to play to your potential as a team.

You're definitely the team I have had the most fun coaching and the team that I've seen having the most fun together. You've all definitely made the most out of this season and you've grown tremendously.

We've challenged you because being challenged is real life. Having doubts in yourself and finding a way out of it is real life. Crying one night and going to work the next day is real life. But this year, you've proven that you're bigger and better than real life, because you actually embrace challenges and you thrive on them. You are an extraordinary team! And I'll tell you this: I have been part of many teams in my life, and I can guarantee you that this one was special. It will be one that you remember forever!

## RECORD

**W-36 L-17 T-0 OTL-2**

While the individual talents of this year's group of young men were similar in many respects with players I have coached in previous years, they likely do not stand out as the most offensively skilled or talented in terms of productivity. Nevertheless, the widespread collective ability and character are what make this likely the most special of the teams I have ever coached.

As is meant by the old adage, "A pile of bricks is not a factory," the greatness in the value of this group has been the collective and the cementing and bonding they have achieved for the benefit of all. Whatever role each of the individual players assumed, their stake hold was pursued because of their responsibility to the team. The reward the team yielded was not often the trophy that is reserved only for the best on that given day, but was the satisfaction derived from their active engagement in the process.

This particular group of men understood that every member would benefit from their personal efforts and sacrifice, and far more than just themselves. They accepted the belief and challenge of pushing each other to improve each day was both a team goal and a necessity.

We have made it a habit to build upon our previous knowledge. We have tried to instill in each new player to this program a respect for those who have come before and ask that they stand tall on the shoulders of those players.

We improved. On paper, we won more than our share. We battled as well. Staying competitive with teams on our schedule we did not compare favorably with. Each of our most difficult lessons throughout the year drove us upwards, energizing us in the process. The ominous power of the lessons learned could be seen in our victory over Saint Mark's in the final of their tournament. Quite possibly more so, it was evident in overtime wins and losses in Minnesota against powerhouse teams and all-stars.

I have rarely been as proud of a group as I was with this group, and this statement echoes through successive years here at Stanstead College. I will miss this group of seniors. I regard this year as one of my greatest, as coach Thompson and I reached the 100-win milestone in just under the three years we have been together here at the school and in this program. The milestone is special only because it reminds me to look back on all the players who made it possible over this period. I thank them all for effort, their respect, and their commitment.

## Bantam Hockey

Mr. Rioux prepared a season of 13 games for the bantam/intramural program this year, including the 2 first two 2-day trips for a bantam hockey team in Stanstead College. The team really benefited from these occasions to play hockey and to face some very good teams.

We ended the season with 3 wins, 3 ties... and we lost the rest! Well, we only lost 7 games – it is not that bad, even if we don't like to lose. Some teams have played much more hockey than us in their young careers, so you can be proud of what you have accomplished this year.

The season began with 16 boys and 2 girls (good job, Maude and Julia!). I want to thank all the players on this incredible team for their effort during the games, practices, on and off the ice, and for their good behaviour all through the season, which contributes to the standards of Stanstead College. You are young players, but you are here to learn and to represent those standards.

## ETIAC SEASON & PLAYOFF CHAMPS

### PREP RECORD

**W-26 L-23 T-4**

The 16-17 season was one of exceptional growth for this program. The team grew in numbers and talent and consequently played a very challenging schedule against older players. Locally, the boys dominated the ETIAC and came through in the playoffs for the second straight year. However, the expanded schedule allowed the boys to travel to tournaments at Ulysse School, Academie St-Louis, Northwood and all the way to Halifax, Nova Scotia. Overall, our final record was 26-23-4, which is more than respectable considering the young age of our core players.

I would like to thank coach Vanasse and Coach Ouellet for their dedication to the program. It was a pleasure working with such good friends. The future is very bright for this group moving forward, as every player is potentially back next season.

My goal for all of you continues to be to provide a positive and dynamic environment for you to grow as athletes and young men. Many of you will have opportunities to move up the ladder if you work hard and continue to develop your skills. I look forward to future development and helping all of you achieve your full potential. Thanks to each and every one of you boys for giving us your best and making this year a very special one. Merci!

The curling program has expanded over the last few years. The games were made 50% longer last year and the number of league games doubled this season. In addition, there was a lot of interest in the curling program at SC and many new faces to our team. Returning players gained experience as they helped new players improve. I was reminded of the old adage: a rising tide lifts all boats. It was as though the returning players were the rising tide lifting all the boats to a new level. I am very pleased with the progress that was made this season. To the graduating curlers, we encourage you to find a local club in your future and join a league. You have the skills to be an asset to any team. To the returning players, we are looking forward to working with you again next winter and hope to build on what you have learned this season.

## RECORD

**W-32 L-8**

Before this season started, I knew we were going to be good. Talent. Experience. Passion for the game. We had it all. If we were ever going to win the ultimate prize – the MacLeod Provincials – it had to be this year. Rightly or wrongly, I put all our eggs in one basket before we'd even played our first game. MacLeod or bust. With that in mind, we made three critical decisions.

1) We joined the hardest league we could to prepare us, RSEQ Division II, even though we would be ineligible for their playoffs (which fell on our March Break). It was worth it to play 12 games against the best teams in the Townships.

2) We put a premium on dirty work, i.e. loose balls and rebounding. There are lots of talented teams out there, but only those that focus on the dirty work are truly elite.

3) We took a risk and installed a brand new, untested defensive system that relied on athleticism, hustle and intelligence. I'd never even seen it played at the high school level, but it looked like it could fit our players.

And we were rewarded for every single decision! 9 of our 12 RSEQ games were super-competitive barnburners that toughened us up and forced us to learn how to play at elite speed. Our defensive and offensive rebounding improved immensely. And most importantly, that new defence became the best I've ever coached. Against top-notch competition we allowed 22 pts per game. Less than 6(!) pts per quarter. Opposing players were flummoxed. Opposing coaches complimented us. Spectators were amazed. Referees raved. And most importantly, the players completely bought into it, owned it, became defined by it.

The accomplishments started rolling in. Silver at CAIS. Champions at our own Invitational. A victory against perennial powerhouse Sacre-Coeur. Gold at the Montreal and BCS Invitionals. Consecutive wins against LaRuche. The RSEQ "Ethique Sportive" banner for the most sportsmanship in the league. Championship at the Bailly Small Schools Provincials.

But there was one thing left. The MacLeod. This was our chance. Ranked #1 going in. But after breezing through to the finals, we found ourselves down 5 pts to NDL (another RSEQ Div II team) to start the 4th quarter. Eight more minutes to grab the brass ring, or let it slip. And in the most important quarter of SC basketball history, your Spartans would not be denied. A 19-9 finish under the most intense pressure, a 52-47 victory, and the dream had come true. After 64 years, and four losses in the finals, the MacLeod banner would finally hang in the Mackay Gymnasium.

Alyssa. Ashley. Brianna. Chloe. Jessica. Kayla. Mackenzy. Marie-Ange. Mya. Rina. Tania. You young women make up the most successful team in Stanstead basketball history, and you did it the right way. You worked for everything you got, you were classy, and you had loads of fun. I cannot be prouder of you than I am. Thank you, all of you.

A new league plus a new coach plus a new outlook equals a victorious season. The new coach: Coach Quinn. The new league: RSEQ. The Senior Spartans made great strides this year. With only two returning players, captains Loay Al Rashdi and Richard Legler, the other 11 young men had lots of work to do. The squad was fortunate to have a skilled point guard, Alexis Bernier, and a very dominant, enthusiastic forward, Mikael Zariffe, along with a wily veteran and 3-baller, Thomas Abbott. Many of the new-to-senior players had a great previous season at Junior: Nick Bowen, Diego Gil, Bill Huang, Guoyao Ma, Michael Xiang and Mike Zhang. Rounding out the newcomers this year were Toby Zhang and Lucas Etienne.

The season started with a bang. After only a short few practices, the team had a couple of league games then went to the CAIS National Tournament in Montreal. Although the team struggled to win games, they were contenders in every match. More importantly, they gained invaluable experience playing teams of much higher caliber than they would eventually see in their league. Other tournaments included the BCS Invitational, the Anderson where they placed second, and the Visser Provincial Tournament.

Highlights of the year have to include the incredible progress we made defensively. We played man defence all year to establish a strong help routine, and then implemented a very aggressive 2-3 zone that enabled the team to almost upset a strong Quebec High team at the Anderson. Finally, the team went into the playoffs as the number 2 seed and played a brilliantly disciplined defensive game to win the league championship finals.

Best wishes to the seniors who made such a great impact on this program. Many thanks to the entire team for their strength, dedication and commitment. Lots of hard work. Lots of laughs. Lots of memories. Well done!

At the beginning of the year, I was particularly confident we'd have a great season because the majority of last year's team was returning. To my surprise, I went to the gym for the first practice not with a team of 8 but more like 14, and 10 girls were less than 5'5". In addition, some of these players had never played basketball before. In short, I had to try different combinations throughout the season to optimize our chances.

Returning from the Christmas break, we had a tournament in Montreal. My players didn't seem so confident, especially since the other teams expected us to be the team to beat. We thought we would lose the majority of our games and come back with just a T-shirt. Surprisingly, we defeated our biggest rivals and we ended up in the final. It was a great moral victory!

Throughout the season, I had girls who thought they could not play because they didn't think they were good enough, but at the end, each of my players had at least one basket and they all improved.

However, like everything that goes up, the team experienced a fall. At one point, we stopped playing as a team and thought we were superior to others, so we lost against Massey-Vanier in final of our playoffs. We still managed to finish our season the right way by finally winning the Dunn Tournament with an awesome game in the final. I was really proud of my team at that moment.

I would like to thank each girl for her contribution to the team. Whether they were there to make girls laugh, encourage them, advise them or help them become better at basketball, they all showed that with teamwork, something surprising can be achieved. Thank you for everything and for all the moments we spent laughing.

# BOYS

This year the junior boys basketball team was coached by Mr. McDonald, Mr. Thompson and Vincent Dallard. At the beginning of the season we were all over the court. Some people knew how to play basketball and others didn't, but as the season progressed we became more of a team. We played a total of 10 games and won 3. After playing our first game, which was a home game against BCS, we won without knowing a single play and not knowing exactly what to do with the ball when we had it. As the season progressed our team got stronger and with every team we played we learned how to drive to the basket and not pass back to the three-point line for a shot or to the other team. We learned how to use screens and when to call for one, how to pump fake and how to work together. The practices were long and tiring and almost always finished with Mr. McDonald's foul shot sprints. As we played more and more games the final score went from us losing by 50 to us losing by 7 or by us winning. By the end of the end of the season we traveled to the AAESQ or the Provincial Championships in Montreal hosted by Centennial Regional High School. The junior boys played elimination tournament where the two winning teams would play each other in the finals. We managed to win our first game and finished second over all. This season we started out rough and ended as a true team as we celebrated our wins together and gloomed over our losses together. I would like to thank all my teammates, Mr. McDonald, Mr. Thompson and Vincent Dallard for a great and fun season.

"Attitude lies somewhere between emotion and logic – it is the curious mix of optimism and determination that enables you to maintain a positive outlook in the face of adverse circumstances"  
– Pat Summitt

If there was one thing that the bantam girls were professional at this season, it was attitude and optimism! Although we struggled from time to time on the court when it came to scoring baskets, we were never the quietest team, we were never the shy team and we were never the team that didn't laugh. We were the team that never gave up, that cheered for our teammates no matter the score! Each team we played against, in Montreal, Sherbrooke, Vermont or here at home, commented on your sportsmanship and determination, things I am very proud of. Although you may not have always enjoyed the practices (burpees and 'Bring Sally Up'), you did try your best. Although you may never have dribbled a basketball before, you can now! And you can shoot, and lay it up, catch a pass and go for an interception. In fact, if you keep at it with the positive attitude, and the optimism – there is nothing you can't do! Thank you for a fun-filled season!

# SWIMMING

When I think of this swim season three words spring to mind: "Small But Mighty!" Although we were small in number, I cannot think of a year when we have been mightier in spirit, mightier in heart, and mightier in compassion. Every practice, every competition, every swimmer seemed to shine with some sort of spirit. Not concerned with individual gain, our swimmers put each other before themselves on countless occasions.

Oftentimes I heard, "Miss, let me swim another race. We need the points." It did not seem to matter that these athletes had already swum five races. When we needed someone to give up their race to let another swimmer have the chance to compete for the first time, there was no hesitation.

At competitions it didn't seem to be enough just to cheer for each other. It was Stanstead Spartans who continually encouraged swimmers from ALL schools, it was Stanstead Spartans who could be seen standing on the edge of the pool boosting the last swimmer from Galt to keep going.

Congratulations, swimmers! And thank you for a truly inspirational season. You wore your Stanstead colours with pride, you gave your hearts and souls to each other, and you showed the true meaning of compassion. You made me truly proud to be part of the team!

Sure, we accomplished many thing together over the final eight sporting weeks of the year - and for some of your career. Those hilarious memories, the games, tournaments, breakdowns and championships won will stay with you for a long time - hopefully many years from now you'll be able to close your eyes and remember the people standing around you. I bet you will, so I won't recount them all for you. Instead, we'll recount what we feel are the important lessons learned this year.

### Three Pieces of Advice for Success in Rugby as a Metaphor for Life

You are braver than you believe. Your courage is inspiring. You will not sit back and let someone else do the work. It will be you - and you can accomplish any single thing that you can dream. Just keep working.

You are stronger than you seem. There is not a single challenge you cannot tackle. When you make up your mine that you do not want someone to cross that line, it is impossible to defeat you. Don't you ever forget it.

You are smarter than you think. The game continues, whether you know what you are doing or not, you can and did thrive on your instincts - because you know what to do, and can do the right thing - in even the most chaotic situation. Take that with you.

Thank you for returning the championship here to home - for the quality time, for the games, the memories, and for the spark that will keep growing next year, and in the years to come.

# BOYS

## ETIAC REGULAR SEASON CHAMPS

This was an excellent year for Senior Boys Rugby. We had 26 boys try out for the team and we kept every one of them. It is the biggest team we have had in all my years at the College. It's pretty cool that rugby is alive and well at such a small school, and it's thanks to boys like you. Every one of you.

We started our season early by heading to Rothesay, NB and playing in Rugbyfest where we finished a respectable fourth place in our division. We then won our league thanks to a few things: a clutch kick by Huckins in the last minute of our first game against BCS and a huge team effort in the cold, bitter rain on turf at Bishop's University against Seminaire de Sherbrooke. Man, those wins felt good, didn't they? We placed second at the GMAA 7s tourney out of 12 teams, which was the top finish we could hope for (no one was going to beat the Loyola team), thanks to three insane comebacks in the second half and another last-minute kick by LG this time (who went on to break his arm in the final, so he paid his dues). We then placed second out of 12 teams again in the Sherbrooke 7s tourney where we could have clinched the championship but fell a little short, maybe due to fatigue from playing in Montreal the day before.

The highlight of the season for me was playing under the lights down in the USA at Essex. Losing 15-0 at the half, making some halftime adjustments to the game plan and coming back to win 24-15. What? Twenty-four unanswered points? How crazy awesome was that? We were a team then. We talked during the season about steel sharpening steel and you guys were men of steel that day.

We lost in the championship final to BCS but they honestly outplayed us and deserved to win. No shame in that. We have the league banner forever. They have the cup for one year until we win it back next year. Yep. I said it. Now it's up to you returning boys to make it happen.

Thanks for a great year, everyone.

Oh yeah, almost forgot... a super special thanks to...

# JUNIOR RUGBY

## GIRLS

The junior girls rugby team played an impressive season that saw a group of players with no experience at the beginning of the year making it to the league playoff finals. Despite being the youngest and smallest team in the league, they played with a passion and intensity that was unmatched. The second highest scoring team in the league, as well as the most fierce and technical tacklers, these girls will be ones to watch in the years to come.

# BOYS

This spring saw the junior boys rugby team start the season with a great deal of hope and promise. It was clear that a good deal of talent and skill lay within these 17 young players. The opening jamborees proved to be a mixed bag with repeated easy wins against MVR but close losses against BCS or Richmond. A trip to the GMAA 7s tournament in Montreal proved to be a turning point. Although they returned with only a 2-2 record, the exposure to higher level competition proved invaluable and the team pulled off victories against MVR and Richmond in the final jamboree of the season. Alas, this was too late to win the banner but saw the team peaking just in time for the playoffs at Stanstead. The semi-final saw a dramatic come-from-behind win against BCS, and the final saw an even more dramatic come-from-behind, double-overtime, sudden-death win with a try by Keiran Gallant, assisted by Matt Johnson. A great end to a solid season by a team that, in the end, refused to lose.

# GOLF

Some years, the golf season is lopsided with one team running away with everything, but this year was, in fact, the opposite, and we faced very stiff competition. Case in point: although we won the first tournament, we actually won it by what is called retrogression (a tie-breaker) as we had tied with Galt. At the second tournament, we won by 5 strokes – still a very close margin. We came second by 9 strokes at the third tournament, thus were down four strokes going into the finals. As the golf season is cumulative, all scores count all season long. Unfortunately, home course advantage did not pan out for us in the championship tournament, as we finished second overall to Alexander Galt. Nonetheless, it was a solid season on many levels. We had good fun learning and competing. We had fun at team suppers, having Timmy's in the van on the way to tournaments, putting contests, chipping contests and long-drive contests – basically at every opportunity we had fun.

This year, we had a short season. 7 games. 2 wins, 1 tie and 4 losses. But that means nothing, because 20 students, from Grade 9 to 12, were playing lacrosse here, in Stanstead, with passion and determination, and they faced schools that have had lacrosse programs for over 150 years at Westmount, and 89 years for Brébeuf. That requires a lot of courage and a lot of humility. Guys, you are pioneers, and pioneers are the kind of people who change and improve our world.

# TENNIS

This year we had an exceptional season. Stanstead won the ETIAC championship, as well as taking the gold in each individual category. This has not been accomplished in at least 25 years. Mr. Williams and Mr. Prevost wish to thank the entire team! It was teamwork that made us successful. This was a season to remember!

SO IF I HAD TO BOIL IT DOWN TO ONE IMPORTANT WORD IT WOULD BE SOMETHING YOU'VE ALL MOST LIKELY HEARD AND THAT WORD IS THANK YOU.... FOR MAKING THIS SEASON WHY I COACH THE VERY REASON MERCI BEAUCOUP AND DANKE SHEN, GRACIAS AND MUCH OBLIGED TOGETHER YOU ARE ALL WHAT MAKES THIS GREAT AND BRING TEARS OF JOY INSIDE MY EYES.

**Blue Jays:** Season 3rd, Playoff 2nd  
**Royals:** Season 4th, Playoff 4th  
**Expos:** Season 5th, Playoff NA

This year we had 63 players over five teams: the Expos, Royals, Blue Jays, Cardinals, and Athletics. This was 17 more players than we had last year. For the first time in several years, we needed more than four teams. Mr. Philip and I enjoyed the group we had this year. We had students who had never played softball before, returning students from last year and others who play softball outside of school. What I enjoy the most about coaching softball is watching more experienced players coaching the less experienced players.

We would like to thank the captains, Andrew, Oscar, Auston, Henry, Marianne, Hugo, Marie-Ange, Tania, Nicolas Pokora and Nicholas Salamon, for their work this season. Without them things would not have ran as smoothly as they did. Secondly, we would like to thank all the players for not complaining too much about running when it was raining, which we did a lot of this season. Thirdly, we would like to thank Alta for keeping control of the softball box, and to the players for returning the equipment without too much hassle. Lastly, we would like to thank the maintenance crew for lining the field on several occasions.

During the regular season, the teams played between 10 and 11 games. In 5th place, we have the Expos, with 1 win and 10 losses. In 4th place, we have the Royals, with 3 wins and 8 losses. In 3rd place, we have the Blue Jays, with 5 wins and 5 losses. In 2nd place, we have the Cardinals, with 7 wins and 4 losses. In first place, we have the Athletics with 11 wins and 0 losses. This year the standings changed after the playoffs. Congratulations to the Blue Jays for winning their game against the Cardinals, putting them in 2nd place. Congratulations to the Athletics for defending their first-place standing. This year we had 10 homerun hitters. We would like to congratulate Hugo Lecavalier, Nicolas Pokora and Nicholas Salamon for being the top 3 homerun leaders, as well as Alexandra Gray for being the only girl with homeruns.

## To Our Wonderful Daughter:

**For one moment, if you could see in our eyes how we see you, if you could see in our minds how much we are proud of you, if you could see in our hearts how much we love you!**

**Ashley, you must be proud of yourself. As your parents we are very proud of you! The past six years have not always been easy at Stanstead College. Yes, you worked hard and your academics turned out really good! On top of this, what we are most proud of is that you are a really good person. Your beauty, your kindness, your generosity, your convictions, your implication, your sunshine smile and how happy you make people around you are what we are most proud of!**

**Our advice for your future goals are simple: continue working hard and stay true to yourself!**

**You have given us so many reasons to be proud of the wonderful woman you are becoming. Our proudest moments are when others talk to us about you and we can proudly say that you are our daughter.**

**We will always be there for you,  
Papa et maman xoxoxo  
Love you bigger than the sun!**

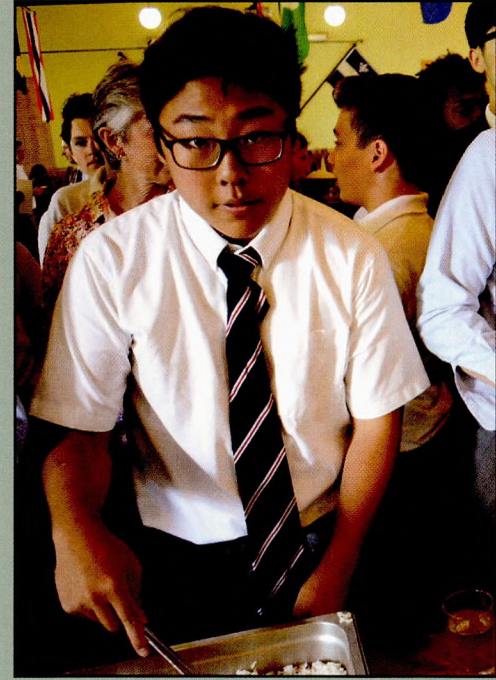

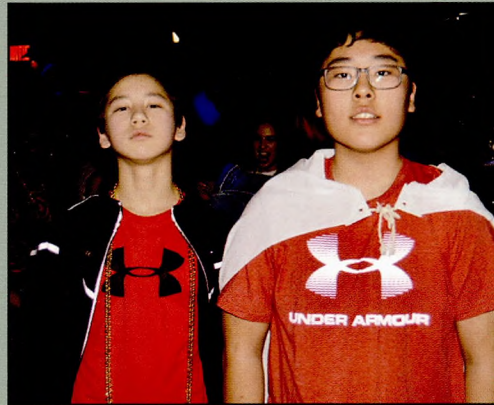

**N.B.: Last future advice: NEVER STOP SINGING!!! XXX**
